ket emerged more clearly into view 100 and was recognized with less qualification on the part of the element in the speculation which has been loath to admit the necessities involved in the money situation.

The banks called loans freely. The withdrawal of cash from New York for currency purposes gise continued large. The perpendicular uplift of I per cent, to 5 per cent, in the official discount rate of the imperial Bank of Germany was an emphatic notice of a determination to oppose obstacles to further free lending for speculative purposes. Further recourse by borrowing in foreign money markets is impeded by the large obligations already outstanding there against the New York money market. The large excess of production of consumption of copper in September revealed by the monthly statistics of the Copper Producers' Association was an additional weight on the market, but was almost in showing any deviation from the favorable advices of hushness conditions. The hitch over this country diplomatic representation in China was viewed with some disquiet.

Fonds were easy. Total sales, par value, \$2,760,900. United States bonds were unchanged on call.

Total sales of stocks to-day were I.144,700 shales.

NEW ORLEANS, I.A., October II.—COTTON—Spot steady, 1-16c, higher; midding, 13%c. Sales on the spot 1,250 bales and 36 to arrive. Futures opened steady at a decline of 50/7 points on selling from the bear side. No notice was taken of favorable cables nor of unsessonably low temperatures on the weather map. Much was made of the fact that to-morrow wil be a holiday in the New York market. At the middle of the morning prices were 92/10 points below last week's closing, but at this level shorts commenced to get nervous over the reported hurricane warnings for the South Atlantic States, and they started covering. A good spot demand at all points in the belt and cable information from London to the effect that the thread trust has recently placed orders equivalent to 25,000 bales of raw cotton helped the market, which advanced steadily until prices were 1/8 points higher than Saturday's closing. The closing was barely steady at a net advance of 2/97 points. Futures closed barely steady. Closing bids: October, 1310; November, 13.15; May, 12.65; NEW YORK PRODUCE MARKET.

Virginia's Highest Offices Are Filled by Veterans of Confederacy.

DANIEL SPEECH IN DOUBT

Senator May Not Come to Richmond-City Campaign Begins Thursday.

Following the court day speeches of yesterday and to-day, many of the Democratic leaders of the State will go to Danville to take part in the Confederate reunion. Among the addresses to be delivered there will be

dresses to be delivered there will be war-time reminiscences by Senator John W. Daniel, Judge William H. Mann and Judge Samuel W. Williams.

In this connection politicians are calling attention to the way in which the Democracy of Virginia rewards the Confederate veterans. Although forty-four years have elapsed since the close of the Civil War, both of the State's representatives in the Federal Senate took active parts in that contest, while the party's nominees for the three highest State offices in the present campaign are Confederate veterans—Judge Mann, Mr. Ellyson and Judge Williams. All five of these men, say the party leaders, are still active and vigorous and fully able to discharge the duties of the several offices for which the Democrats have named them.

Daniel May Not Come.

There is some doubt as to whether or not Senator John W. Daniel will be in position to ill his engagement to speak at the Jeferson Auditorium in this city on the night of October 22. A letter received yesterday from Virginia's senior Senator announces that one of his sons is quite ill, and that it is doubtful if he can come to Richmond. However, some other speaker will be arranged for in the event that he is unable to be present.

Future Public Spenking.

It was announced yesterday by the Democratic State Committee that Judge S. W. Williams will speak at Lawrenceville, Brunswick county, or ctober 19. Judge Mann speaks this afternoon a

Drake's Branch, Charlotte county, and to-night at Keysville,

or small, at a great saving.

In a quiet way the contest has already begun in behalf of new officers and the next place of meeting. No one will say just now who are slated for the association officers, but it is understood that there will be several candidates in the field. As to the next place of meeting. Dallas, Tex., is the only city that has so far made an open bid. The delegation from there is a strong one, and seems confident of winning the prize. It is well known, though, that there will be strong opposition from several other directions.

Most of yesterday was spent in registering delegates, getting down those who came in the day before and catching the latest arrivals as they reached the hotel. Having been properly signed and tagged, those who were not obliged to be on duty at headquarters went forth on tours of inspection of the city, but were somewhat hampered by bad weather. Quite a large party went over to Petershurg to visit the battlefields and old Blandford Church. They were accompanied by members of the local reception committee, who were the hardest worked people in the gathering yesterday.
